Subject: RE: Ethics opinion re: accepting donations of medical supplies or services

Good afternoon Steve,

This morning Local 134 (Electrical Union) delivered approximately 150 PRD protective mask, civil grade, KN95 approved, for use by our essential workers coming to City Hall and our 2045 W. Washington office for use in the Department's official and essential duties. This donation will not affect DOB's relationship with Local 134 or create influence. Please let us know if you need anything further.

Judith Frydland

Commissioner

Chicago Department of Buildings (DOB)
